

Shareholders with contract

A formal contract issued by a company

ARbahy LTD

With shareholder

According to the Law on Selling Shares of Companies Affiliated with the House of Companies in the United Kingdom

The company decided to conclude a contract with the company's shareholder, with the advantages of a shareholder

According to what will be decided on by both parties, whether the shareholder or the company's board of directors, abide by all the terms of the contract without violating any of the terms.

- 1- The company is obligated monthly to distribute a percentage of its profits to the holders of those shares at 50% of the total profits per month so that the proportion of each member is according to the number of shares that he bought and the shares must exceed 100 shares
- 2- The company is committed to the percentage of profits that the member gets from the acquisition of those shares, not less than 10% and not more than 20% of the value of the shares that the member bought, and the shares must exceed 100 shares.
- 3- The company shall be obligated to add these profits periodically in the first 5 days of every month
- 4- No profits are calculated for any member who owns less than 100 shares
- 5- The number of shares to be sold is 5,000,000 shares according to this contract
- 6- The company is obliged to pay the profits until our currency is placed on the trading platforms and our wallet on the phone, according to our business map.
- 7- The shares that the member will acquire. The member can easily offer them for sale within our site as soon as they are acquired if he wants, but he will not receive the profit if he sells the shares to another person.
- 8- The member is obligated to make a payment to his account first
- 9- The member is obligated to the specified share price and if he wants to obtain different prices, he must buy from inside the site from the members who offer the shares at a lower price or sell them at a higher price also inside the site
- 10 - A member may not ask for a refund of the purchase price of shares if he wants to sell his shares, he must put it on the site for sale for another member to purchase
- 11- The management is absolutely not obligated to cancel the contract and return the value of the shares
- 12- If someone wants to cancel his contract, he must offer the shares for sale until he buys them from another member
- 13- After the completion of the sale of shares stage, the stage of developing the private currency in which the shares begin, according to which the currency will be added to one of the trading platforms, the calculation of the percentage of profits will stop
- 14- The member purchases the shares, this means that he has agreed to these terms and the contract was activated on the same day that he bought it.

With members owning the company's shares, he is completely free to dispose of his private shares, and with regard to the percentage of profits, it will be calculated according to the number of shares that are owned by the owner at the time of the monthly report of the company's private accountants.
